## What is

### **PRESENTS FOR PATIENTS® ?**

---

An annual campaign to ensure that Christmas is celebrated by **all** long-term care residents. For many the holiday season is a joyous time filled with family, friends and love, while for others it can be a lonely and difficult time, especially for those residing in long-term care facilities who may not have family or friends. The program helps ensure that residents are able to experience the surprise and joy they felt as a child and create smiles for each of them this holiday season.

---

## History

---

Since the program's beginning in 1984, the number of nursing homes and assisted living facilities has expanded from 8 to 321 in Pennsylvania, Ohio, New York, West Virginia and Tennessee. The number of patients remembered with gifts has grown from 450 to a record **27,431** in 2010!

---

## How it Works

---

The **PRESENTS FOR PATIENTS®** program encourages individuals, businesses, churches and organizations to support the program by "adopting" a patient. By agreeing to do so, they are asked to share a few moments of their time with a resident while delivering a personal gift chosen especially for them.

A the goal of program is to generate new friends for your residents and strengthen volunteerism within your facility.

There is no better time to invite people into your facility to show them the excellent care you provide, while at the same time making sure that your residents are remembered during this very special season.

---

## How to Enroll

---

Enrollment is simple. By following the listed requirements we can ensure the success of **PRESENTS FOR PATIENTS®** at your facility.

- Complete and return the enclosed Participation Agreement.
- Attend an hour-long, fun, informational session that will ensure the success of the program in your facility.
- Assign a staff person to oversee the campaign in your facility.

This is a unique program that will enhance your existing efforts to recruit volunteers and provide your residents with holiday gifts and visits at **NO COST** to you.

**Register today** and make sure *all of your residents are remembered at Christmas.*
